#### DECLARATION OF RELIGIOUS EDUCATION EXCLUSIVITY

The URJ, the organization of Reform synagogues with whom we are affiliated, has a policy that all children who attend religious school in Reform synagogues are being raised as Jews and are not being formally educated in any other faith. This also means that all life-cycle ceremonies that the child participates in must be exclusively Jewish. Registering your child in Congregation Shalom's Religious School is an acknowledgement of abiding by this principle. I attest that my child(ren) do not attend any other religious denomination's educational programs.
